Envisioning Global Hong Kong Studies

Possibilities, Politics & Praxis

Livestreamed and in-person at Richard Charles Lee Canada-Hong Kong Library, 8th Floor, 130 St. George St, Toronto | Register here: www.tinyurl.com/Luk-HK2022

This talk sketches three intellectual approaches to developing Hong Kong Studies as a globally relevant and significant field of knowledge:

- (1) Hong Kong as a case,
- (2) Hong Kong outside in and
- (3) Hong Kong as global assemblage.

As knowledge production is always and necessarily embedded in historical and social contexts, what kinds of politics and praxis express, enable, and repress this emerging field?
